High-Tech Agri Innovations:
From Production to Consumption

In Conjunction With:

The 6th International Indonesia Seafood & Meat Expo 2018
Refrigeration & HVAC Indonesia

26-28 September 2018
Jakarta International Expo
Kemayoran - Indonesia
The 4th International Farming Technology in 2018 will deliver a necessary trade platform for the introduction of high-tech solutions from progressive companies that are committed towards boosting Indonesia’s agricultural capabilities.

As agriculture is an important contributor of Indonesia’s socio-economic development, its lucrative agricultural sector needs to be equipped with functional technologies for industry players to generate better agriculture as well as aquaculture output with optimal resource use.

IFT 2018 will serve as a purposeful event that offers:

- Fresh injections of modern agricultural practices driven by innovation
- Exclusively priced equipment for customized production needs
- New advanced technologies to meet domestic demand volume and export preferred quality
- Opportunities to become trade partners with international investors
Be an Industry Leader that Shape Indonesia’s Agricultural Modernization

As agriculture holds an influential share of Indonesia’s GDP, the country is steadily growing its strength as a major global key producer of vast range of agricultural tropical products.

While the country aims to gain larger market share as a global producer through higher export volumes, robust efforts are also made to increase self-sufficiency for domestic markets.

Indonesia’s competitive agri players are proactively investing in high-technology farming machinery, equipment and solutions to increase their agricultural output.

IFT 2018 will connect the regional agricultural community closer to exchange expertise and introduce relevant products to help each other grow their business, international and local exhibiting companies are welcomed to participate.

Be an exhibitor at IFT 2018 and contribute towards Indonesia’s government investment efforts for the mechanisation of its agricultural industry!

Opportunities Not to be Missed in Indonesia’s Agricultural Machinery Market:

1. Industry expected to see CAGR of 6% over 2016-2021, as Indonesian Government is determined to continue support for restructuring the agricultural sector

2. Turnover of Indonesian agricultural and forestry machinery manufacturers sees considerable 7.5% growth in 2016, in line with government initiatives to liberalise economy and encourage FDI

Agriculture: A Healthy Industry Set for Stronger Growth

GDP from Agriculture in Indonesia increased to 54.60 Billion in the third quarter of 2017 from 33.20 Billion in the second quarter of 2017.

Indonesia GDP From Agriculture 2010-2017

Reached an all-time high of 8797.80 Billion in the third quarter of 2017 since the lowest record of 3736.50 Billion in the fourth quarter of 2012

Agriculture still accounts for around 14% of Indonesia’s GDP compared to non-agro and services with 18% production and services impacting both micro and macro.

Key Spotlight at IFT 2018:

Agriculture Machinery & Technologies
Modern Farming Innovations
Farming Management & Services
Agricultural Produce Processing Solutions & Equipment

Top 5 In-Demand Agricultural Machinery/Solutions in Indonesia

- Planting Equipment
- Dryer Equipment
- Tractors
- Irrigation Machinery
- Milling and Processing Machinery of Crops

Exhibitor Endorsements

Mrs. Widyastuti
Sales and Marketing Manager (HYDROFARM)
“We had a lot of visitors and were really busy serving the customers with many sales for big and small unit systems.”

Mrs. Amanda Ayla Larasati
Marketing Executive (PT. JEBSEN & JESSEN TECHNOLOGY INDONESIA)
“There are so many visitors during the event especially on the first day as we had product dealings. Agriculture division is new for us and we may join again next year as the exhibition itself will provide good opportunities for Jebsen & Jessen.”

Mrs. Miranti Sudrajat
Head of Marketing (PT. SURYA UTAMA NIUNSA)
“Since this is only the second year for our company and our first event here, we did not expect too much. However this is beyond our expectation because we had full customers from day one of the exhibition. It has been really effective for us as exhibitors as we had collected many database, engaged our customers very closely and were able to understand what customers need that also helped with our own improvement.”

Exhibit Range

- Agro Chemicals & Pesticides
- Agriculture Machinery & Equipment
- Aquaculture Solutions
- Farming Management & Services
- Farming Technology
- Fertilizers
- Floriculture Technology & Supplies
- Food Processing Technology & Equipment
- Green Houses
- Hydroponics Equipment & Supplies
- Irrigation Systems & Equipment
- Multi-functional Machinery
- Seeds & Seedlings
- Tractors & Vehicles
- Water Pumps Technology

And other state-of-the-art machinery, new farming products, innovative solutions and top-grade technologies to address current and future agricultural production challenges

Target Visitors

Impress trade buyers comprising farming entrepreneurs, private sector agro producers and:

- Agents & Distributors
- Agri-Business Investors & Entrepreneurs
- Agricultural Transport & Logistic Expert
- Agriculture and Livestock Cooperatives
- Agriculture Technology Professionals
- Businessmen and Industrialists
- End-Consumers
- Farm Contractors
- Farmers & Farm Managers
- Fertilizer Producers
- Food Companies
- Government Authorities
- Horticulture Technology Professionals
- Hospitality Services & Catering Suppliers
- Importers/Exporters/Traders
- Insecticides Manufacturers
- Pesticides Producers
- Plant Nutritionists & Growers
- Retailers, Supermarkets & Chain Stores
- Seed Cleaning Equipment Manufacturers
- Sprayer Manufacturers
- Tools, Pump and Motors Manufacturers
- Wholesalers & Retailers
Cost of Participation

Participation Fee (min. 18 sqm)
USD 324 - per sqm including 10% VAT

Participation Fee + Shell Scheme Package Cost (min. 9 sqm)
USD 362 - per sqm including 10% VAT

ELECTRICAL AND FURNITURE ENTITLEMENT
(Standard Shell Scheme Package)
